OBJECTIVES

The «European Partnerships» Programme aims to encourage local organisations to participate in transnational consortia for the implementation of research and innovation projects in areas of high importance for Cyprus, which are implemented in the frame of Joint Programmes of European Partnerships under the EU «Horizon Europe» Programme, in which the country participates. Furthermore, the Programme promotes the extroversion of local enterprises and research organisations, and their collaboration and networking with foreign organisations through their participation in the transnational projects.

Participation in the «Clean Energy Transition (CETP)» European Partnership, aims to encourage local enterprises and other organisations to participate in transnational research and development projects o tackle urban challenges. Furthermore, the participation in the Partnership aims to promote the networking and collaboration between Cypriot and foreign organisations through the participation in transnational industrial research and development projects.

DESCRIPTION

European Partnerships are initiatives where the EU, national authorities and/or the private sector jointly commit to support the development and implementation of a programme of research and innovation activities. Partnerships will:

- address complex challenges outlined in «Horizon Europe» Programme, such as accelerating the transitions towards a society and economy that are climate neutral and circular,
- support the achievement of EU priorities, such as the European Green Deal, a Europe fit for the digital age, an economy that works for people, and a stronger Europe in the world,
- be impact-driven by deploying a broad range of R&I activities, from concept to demonstration and validation, to those supporting market, regulatory and societal uptake, and
- contribute to a stronger European Research Area (ERA), by avoiding the duplication of efforts, creating critical scales of investment and enhancing synergies between programmes.

The CETPartnership Joint Call 2023 is participated by 50 national/regional Funding Agencies from 30 EU Member States and Associated Countries to Horizon Europe. In particular, through the funded projects, the CETP Partnership seeks to ensure that the EU has the necessary expertise to accelerate the energy transition and support the implementation of the European Strategic Energy Technology Plan (SET Plan), which includes the development of clean energy technologies that contribute to the EU's goal of a climate-neutral economy by 2050.

This Call covers the following Transition Initiatives:

- TR1: Integrated Net-zero-emissions Energy System
- TR12: Enhanced zero emission power technologies
- TR13: Enabling climate neutrality with storage technologies, hydrogen and renewable fuels and CCU/CCS
- TR14: Efficient Heating and Cooling Solutions
- TR15: Integrated regional energy systems
- TR16: Integrated industrial energy systems
- TR17: Integration in the built environment

All general rules and procedures for the participation of organisations and individuals, the eligible activities and costs, as well as the specific information regarding the «Innovation Vouchers» Programme, as well as the other RESTART 2016-2020 Programmes, are included in the **RIF's Work Programme for the «RESTART 2016-2020» Programmes for Research, Technological Development and Innovation – Programmes for the Period 05/2022 – 12/2023**, which is the main reference document and an important information source for interested parties and can be found on the Research and Innovation Foundation's **IRIS (Innovation Research Information System) Portal** (<https://iris.research.org.cy/#/documentlibrary>).

SPECIFIC CONDITIONS

In the frame of the present Call, the following specific conditions apply:

- The budget of the proposal to be submitted to the RIF should be the same with the budget of the Cypriot participant(s) included in the transnational proposal budget. If the two budgets differ, during the contract preparation stage the RIF will accept as budget for each cost category, the amount included in the transnational proposal. In any case, requested funding in the Contract should not exceed: (a) the requested funding included in the transnational proposal, and (b) the maximum funding per project as defined in the national Call for Proposals.
- The Host Organisation is required to register the updated data regarding its ultimate beneficial owners in the Competent National Registry / Archive, as per «The prevention and suppression of money laundering and terrorist financing Law of 2007 (188(I)/2007)». The RIF maintains the right to proceed with the appropriate checks in the competent Registries to verify the registration of the data and it is possible to request for the submission of official proofs.
- Furthermore, all Private Sector organisations whose requested funding exceeds 150.000 Euro, will be required during the Contract Preparation stage to also submit the data (Name and Surname, ID / Passport Number and Date of Birth) of their ultimate beneficial owners through the relevant Declaration.
- Funded Projects should comply with the «Do No Significant Harm» principle, according to which they must not include or support activities that could cause significant harm to any of the six environmental objectives, as per Article 17 of Regulation (EU) No 2020/852, on the establishment of a framework to facilitate sustainable investment.

SUBMISSION

The Proposal is submitted electronically (on-line application form) by the Transnational Project Coordinator, through the **CETP electronic submission system**.

Furthermore, the Coordinator of the Cypriot Consortium should also submit a Proposal on the RIF's IRIS Portal (<https://iris.research.org.cy>), not later than the deadline specified in the Table «General Call Information» above.

It is noted that, the Project Coordinator and all local participating organizations of the Cypriot Consortium, should register in advance on the IRIS Portal.

Potential applicants are advised to read the «**Guide for Applicants**», which contains guidelines and clarifications regarding the Submission procedure and the «**IRIS Portal User Manual**» which can be found on the IRIS Portal (<https://iris.research.org.cy/#/documentlibrary>).

The Research and Innovation Foundation encourages in all its Calls for Proposals:

- *the participation of women as Project Coordinators, and*
- *a gender-balanced participation in Projects.*

The Proposal submitted to the RIF includes only general information regarding the Transnational Proposal (Title, Acronym etc), the Coordinator of the Cypriot Consortium and the partner organisations of the Transnational Consortium (including the Cypriot organisations) as well as detailed budget for each partner participating in the Cypriot Consortium. The budget of each organization should be the same with the budget to be included in the Proposal submitted to the EU.

The Project Proposal consists of the following parts:

1. Part A – General Information & Budget (electronic form (fields) to be completed online through the IRIS Portal).
2. Annexes (documents to be uploaded as Annexes on the IRIS Portal in PDF format).
 - Annex II: Smart Specialisation Sectors – **Obligatory Submission**. *The specific document for the selection of the Priority Sector that the project is applied to can be found on the IRIS Portal, under the relevant Call for Proposals (Call Documents). The selection is obligatory and only one Priority Sector must be chosen. It is noted that in case Annex II – Smart Specialisation Sectors is not properly completed and submitted, then the Proposal will be deemed ineligible.*

It is noted that, for Proposals with Cypriot partners which will be selected for funding, the Coordinator of the Cypriot Consortium will be asked to submit supplementary information and supporting documentation regarding the role and activities of the Cypriot Consortium, in the IRIS Portal, during the contract preparation phase.

PROJECT SELECTION

Evaluation Procedure

A Proposal Eligibility Check will be performed for every Proposal with Cypriot participants, as described in the RESTART 2016-2020 Work Programme. It is noted that in case a Proposal with Cypriot participants is not submitted on IRIS according to the procedure laid down, then it will be deemed ineligible.

The Clean Energy Transition Partnership (CETPartnership) applies its own central procedures and regulations for submission and evaluation of proposals and selection of projects, which are described in the Work Programme and relevant guidelines of the Programme. All documents are available in the [CETP Website](#). Interested organisations are strongly advised to read thoroughly the aforementioned documents before submitting a Proposal.

Evaluation Criteria

Central evaluation criteria of the are described in the CETPartnership Joint Call 2023.

Selection

The final funding decision is taken centrally by all the participating countries in the Programme, based amongst other, on the results of the scientific evaluation, the available EU and National budgets, and the priority topics.

As a rule, the first ranked Proposal with Cypriot participation in each list of successful proposals (ranking list) and then the Proposals with Cypriot participation in order of ranking list until the budget is exhausted will be supported for funding by the RIF.

In cases of a tie of proposals with Cypriot participation, the proposals will be ranked in order of decreasing budget size corresponding to enterprises that may participate in these proposals, or as specified in the RESTART 2016-2020 Work Programme.
